Notes

Your Measurements (in cm)

- | | | | | | |
|----|---------------------------------|---|--|---|---|
| 1 | Height | a | Neck circumference | l | Outline of both feet on a paper sheet |
| 2 | Neck vertebrae to ground | b | Neck base circumference | | <i>please mark position of insteps and footpads</i> |
| 3 | Neck pit to ground | c | Circumf. around chest and upper arms | m | Circumference around both footpads |
| 4 | Wrist to ground | d | Circumf. around waist and elbows | n | Circumference around both insteps |
| 5 | Fingertip to ground | e | Circumf. around buttocks and wrists | o | Shoe size |
| 6 | Knee to ground | f | Circumference at crotch height | | |
| 7 | Calf to ground | | <i>incl. hands</i> | | |
| 8 | Crotch to ground | g | Circumference around thigh | | |
| 9 | Shoulder length | | <i>at finger tip height</i> | | |
| 10 | Neck pit to nipple height | h | Circumference around both knees | | |
| 11 | Nipple distance | i | Circumference around both calves | | |
| | | k | Circumference around both ankles | | |
- Bemerkungen:**
 Take measurements directly on the body. It is best to let a second person take the measurements. Please stand relaxed while measuring. Keep the arms straight to the body (do not press them). The feet should not be too close together – just tight enough that they touch each other and the ankles are not pressed together. It is even better if you also fill in our regular measurement form.
