1	fits for a max. height of		178	180	183,5	186	189	192	194

These are the measurements of the garment, not the body-measurements. The sack is close-fitting in the upper part and loose-fitting in the leg-area.

If you want a figure-hugging fit everywhere, you will need a made-to-measure-work.
